Hi Jean Marie,

Ex. 5 Deliberative Process (DP)

This definition shall include vessels only when they are:

- (1) Permanently or temporarily attached to the seabed and erected thereon and used for the purpose of exploring, developing or producing resources therefrom, within the meaning of section 4(a)(1) of OCSLA (43 U.S.C. § 1331 et seq.);*
or
- (2) Physically attached to an OCS facility, in which case only the stationary sources aspects of the vessels will be regulated.*

I don't want to overload you with resources, but the Fact Sheet for the draft permit, along with other supporting documentation is available on our website at: <https://www.epa.gov/caa-permitting/south-fork-wind-llcs-south-fork-windfarm-draft-outer-continental-shelf-air-permit>

I can be available by phone tomorrow on my cell at Ex. 6 Personal Privacy (PP) if you want to discuss anything. Please keep Pat and Undine in the loop via email too.

Thanks,

Eric

Thanks Amy. I was just bugging Alan yesterday on another question regarding this same permit action. Thank you both!
